FROM THE CHAIRMAN'S DESK

Dear Shareholders,

In the dynamic landscape of specialty and fine chemicals, India's chemical industry remains a pillar of diversity and innovation. From bulk and specialty chemicals to agrochemicals, petrochemicals, polymers, and fertilizers, our industry encompasses a vast spectrum of products and opportunities. India continues to be a key player on the global stage.

As we look ahead to the future, the potential within India's chemical sector has never been more promising. With the support of progressive government policies and initiatives, Eiko LifeSciences Limited is strategically positioned to drive growth, foster innovation, and maintain its leadership in the market. We are committed to not only sustaining our success but also setting new benchmarks in sustainability, technological advancements, and operational excellence.

This year has marked a significant evolution in our strategic direction, as we have expanded our portfolio to include products with immense growth potential in the Indian market. This strategic pivot has been instrumental in our robust financial performance, with our revenue for the year ending 31st March 2024, soaring by an impressive 52%. This growth underscores our ability to adapt and thrive in an ever-changing industry landscape.

Our manufacturing facility, a cornerstone of our success, is continuously being upgraded with state-of-the-art equipment and expanded capacity. This facility, equipped with advanced quality control, power, and treatment systems, exemplifies our commitment to excellence. Additionally, we are deepening collaborations with industry leaders for high-precision manufacturing and forging strategic alliances to enhance product development, sourcing, and supply chain capabilities, ensuring we stay at the forefront of innovation and market demand.

This year, our company has strategically expanded its market reach and product portfolio through several key investments. These investments are poised to significantly enhance our ability to leverage our expertise in specialty chemicals and our extensive global network as we enter the lucrative European markets.

Moreover, I am pleased to announce that our company has successfully completed its strategic expansion into the "Oleochemicals and Allied Business" segment. This new domain is integral to a wide array of industries, including personal care, pharmaceuticals, agrochemicals, paints, coatings, fragrances, polymers, and petrochemicals. By diversifying into this sector, we are positioned to capitalize on new growth opportunities and further solidify our standing as a leader in the specialty chemicals industry.

As we move forward, these expansions will not only drive revenue growth but also reinforce our commitment to innovation and sustainability, ensuring that our company remains at the forefront of industry advancements.

In conclusion, I extend my sincere appreciation to all our employees for their dedication and contributions to our company's performance. I am also grateful for the unwavering support we receive from our customers, suppliers, various government departments, and above all, our cherished shareholders.

Thank you for your trust and partnership. Here's to a future marked by even greater achievements and shared success.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

As required by the provisions of Section 102 of the Companies Act, 2013, the following Explanatory Statements set out all material facts relating to the business mentioned under Item No. 3 to Item No. 6 of the accompanying Notice.

Item No. 3 and 4

Approval for appointment of Statutory Auditor of the company

M/s. Thanawala & Company (Firm Registration No. 110948W), Chartered Accountants, have been appointed as Statutory Auditors of the Company for the period of five Financial Years starting FY 2021-22, who shall hold the office till the conclusion of the Annual General Meeting of the Company to be held in year 2026 pursuant to the provisions of Section 139 (2) of the Companies Act 2013 (the "Act"), read with applicable Rules framed thereunder, but the auditor shows his unwillingness to continue as the statutory auditor of the company due to preoccupation in other assignment and have given their resignation. The Board of Directors place on record their appreciation for the services rendered by M/s. Thanawala & Company, Chartered Accountants.

Accordingly, the Board of Directors of the Company has, based on the recommendation of the Audit Committee, at its meeting held on 03rd September, 2024 proposed the

appointment of P S V Jain & Associates, Chartered Accountants (Firm Registration No. FRN.:131505W) as Statutory Auditors of the Company to fill the casual vacancy caused by the resignation of M/s Thanawala & company ,Chartered Accountant (FRN: 110948W) to hold the office upto the conclusion of 47th Annual General Meeting of the Company. Accordingly, consent of the Members is sought for passing the Resolutions as set out in Item No. 3 of the Notice for appointment of M/s. P S V Jain & Associates, Chartered Accountants (Firm Registration No. FRN.:131505W) in the casual vacancy of statutory auditor caused by resignation of M/s Thanawala & company, Chartered Accountant. and payment of remuneration.

The Board of Directors at its meeting held on 03rd September,2024 on the recommendation of the Audit Committee, has also considered and recommended M/s. P S V Jain & Associates, Chartered Accountants (Firm Registration No. FRN.:131505W), who were appointed to fill casual vacancy, to the members for appointment as the Statutory Auditor of the Company from the conclusion of the 47th Annual General Meeting till the conclusion of the 52nd Annual General Meeting of the Company at such remuneration plus applicable taxes, and out of pocket expenses, as may be determined and recommended by the Audit Committee and approved by the Board of Directors of the Company. Accordingly, consent of the Members is sought for passing the Resolutions as set out in Item No. 4 of the Notice for appointment.

P S V Jain & Associates have consented to the aforesaid appointment and confirmed that their appointment, if made, will be in accordance with the provisions of the Sections 139, 141 and other relevant provisions the Act and the Companies (Audit and Auditors) Rules, 2014.

None of the Directors, Key Managerial Personnel of the Company and/or their relatives are in any way, concerned or interested, financially or otherwise, in the aforesaid Resolutions.

Item No. 5

Pursuant to the provisions of Section 188 of the Companies Act, 2013 ("the Act"), read with the Companies (Meetings of Board and its Powers) Rules, 2014('Rules'), the Company is required to obtain consent of the Board of Directors and prior approval of the members by way of ordinary resolution in case certain transactions with related parties exceeds such sum as is specified in the said Rules. The aforesaid provisions are not applicable in respect of transactions which are in the ordinary course of business and on arm's length basis.

However, pursuant to Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the 'Listing Regulations'), approval of the members through ordinary resolution is

required for all material related party transactions, even if they are entered in to in the ordinary course of business and on arm's length basis.

For this purpose, a transaction is considered material, if the transaction/transactions to be entered into individually or taken together with previous transactions during a Financial Year exceed rupees one thousand crore or ten percent of the annual consolidated turnover of the Company, as per the last audited financial statements of the Company whichever is lower.

The Company proposes to enter into contracts/ arrangements with related parties in which the Director is interested in the financial year 2024-25 as mentioned below,

Sr. No.	Name of Related Party	Name of the Directors / Promoter/ KMP who are related, if any	Nature of Relationship	Nature of transaction	Amount
1.	Laxmikant Ramprasad Kabra	Director of Eiko LifeSciences Ltd	Director & Promoter	Unsecured Loan	Up to ₹5 Crore
2.	Bhavesh D Tanna	Director of Eiko LifeSciences Ltd	Director & Promoter	Unsecured Loan	Up to ₹5 Crore
3.	Lake City Traders Private Limited	Mr. Siddhant Laxmikant Kabra	Director of Lake City Traders Private Limited	Unsecured Loan	Up to ₹5 Crore
4.	Lenus Finvest Private Limited	Mr. Siddhant Laxmikant Kabra	Director of Lenus Finvest Private Limited	Unsecured Loan	Up to ₹5 Crore
5	M/s Urvi Speciality Chemicals	Mr. Umesh More, Director of Eiko LifeSciences Ltd	Partner in Urvi Speciality Chemicals	Factory Management fees	Up to ₹50 lacs
6	Plutus Capital Management LLP	Mr. Siddhant Laxmikant Kabra	Partner in Plutus Capital Management LLP	Unsecured Loan	Up to ₹5 Crore
7	Centrum Finserve	Mr. Siddhant Laxmikant Kabra	Partner in Centrum Finserve	Unsecured Loan	Up to ₹5 Crore

which are in the ordinary course of business and at arm's length basis. Further, the estimated value of the proposed transaction is likely to exceed rupees one thousand crore or ten percent of the annual consolidated turnover of the Company for the financial year ended on 31st March, 2024, and therefore may exceed the materiality threshold as prescribed under Regulation 23 of the Listing Regulations. Thus, these transactions would require the approval of the Members by way of Ordinary Resolution

Regulation 23 (7) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 provides that all entities falling under the definition of related parties shall not vote to approve any related party transaction, irrespective of whether the entity is a party to the transaction or not. Therefore, none of the Promoter Group entities holding share(s) will vote on the above Resolution.

The Board considers that the proposed arrangements with the related parties, are in the ordinary course of business. Except Mr. Laxmikant Kabra, Mr. Bhavesh Tanna and Mr. Umesh More along with their relative none of the Directors and Key Managerial Personnel or their relatives are in any way, concerned or interested, financially or otherwise, in the said resolution. The Board recommends the Ordinary Resolution as set out in Item No.4 of this Notice for approval of the Members.

Item No. 6

Approval for appointment of Ms. Hasti Doshi as the Independent Director of the company

In accordance with the completion of Mr. Mandar Patil tenure as Independent Director of the Company, it has been resolved to appoint Ms. Hasti Doshi as the new Independent Director in his place. The Brief Profile is annexed as '**Annexure-A**' This appointment is being made effective immediately, in compliance with the applicable provisions of the Companies Act and other relevant regulations.

Ms. Hasti Doshi was appointed as an Additional Independent Director with effect from 03rd September, 2024 who holds office up to the date of Annual General Meeting. In terms of Section 149 and any other applicable provisions of the Companies Act, 2013

and read with the Companies (Appointment and Qualification of Directors) Rules, 2014 (including any statutory modification(s) or re-enactment thereof for the time being in force) and Schedule IV of the Companies Act, 2013, Ms. Hasti Doshi is proposed to be appointed as an Independent Director with effect from 03rd September, 2024 for a period of 5 years. In the opinion of the Board, Ms. Hasti Doshi fulfils the conditions specified in the Companies Act, 2013 and rules made thereunder for her appointment as an Independent Director and is independent of the management. Copy of the draft letter for appointment of Ms. Hasti Doshi as an Independent Director setting out the terms and conditions would be available for inspection without any fee by the members at the Registered Office of the Company. The Directors recommend the resolution for approval of the Shareholders. Except Ms. Hasti Doshi, being an appointee, none of the Directors or Key Managerial Personnel of the Company or their relatives thereof are directly or indirectly concerned or interested in this Resolution.

Item No. 07

Approve and consider the Remuneration of Mr. Umesh Ravindranath More, whole time Director of the company for the financial year 2024-25:

Reference to the provision of Section 197, 198 of the Companies act, 2013, read with schedule V to the companies act 2013 along with the Ministry of Corporate Affairs (MCA) through its notification dated 12 September 2018 notified provisions of the Companies (Amendment) Act, 2017 (Amendment Act, 2017) and amended schedule V of Companies Act, 2013, the total managerial remuneration payable to the executive director(s) of the Company taken together in any financial year shall not exceed the limit of 10% of net profit and overall managerial remuneration payable to all directors shall not exceed the limit of 11% of net profit of the Company as prescribed under Section 197 of the Act read with rules made thereunder or other applicable provisions or any statutory modifications thereof. The Board of Directors of the Company at vide their Meeting held on 03rd September, 2024, has approved payment of remuneration to Mr. Umesh More , in excess of prescribed limit under Section 197 and other applicable provisions of the act, subject to the approval of the members at this 47th AGM provides for payment of managerial remuneration by Companies, requires members approval for payment of managerial remuneration to the managerial person in excess of prescribed limit of 5% of the net profits of the Company computed in accordance with Section 198 of the Act, in any financial year(s) during his remaining tenure as the Whole Time Director of the Company; by way of special resolution.

Hence the Board recommends the resolution for member approval by way of special resolution under the relevant provisions of Section 196, 197 and Schedule V to the Companies Act, 2013.

Important factors that could influence the Company's operations include economic developments within the country, demand and supply conditions in the industry, input prices, changes in government regulations, tax laws and other factors such as litigation.

SEGMENT

The primary segment that your Company operates in is the field of Specialty and fine Chemical, and their related products. During the year under review, income from operations stood at ₹ 27,92,92,957/- and Profit after tax stood at ₹ 75,14,822/-.

As on 31st March 2024, the Company operates under following segments-

Speciality Chemicals	Pharma Intermediates	Food Additives	Oleo Chemicals	Cosmetic Ingredients
----------------------	----------------------	----------------	----------------	----------------------

MATERIAL DEVELOPMENT DURING THE YEAR

1. Expansion of market and products through strategic investment in Reflux Pharmaceuticals Private Limited

Eiko LifeSciences Limited (ELL), acquired a 25.01% stake in Reflux Pharmaceuticals Private Limited (RPPL), a pharmaceutical company that specializes in manufacturing and exporting active pharmaceutical ingredients (APIs) and intermediates. The acquisition is part of ELL's long-term strategic growth plan to diversify its portfolio and enter new markets.

As part of the deal, ELL is assisting RPPL in identifying, developing, and promoting new products and marketing thereof in the interest of both the companies. Both ELL and RPPL will use their manufacturing facilities/ expanded capacities to manufacture the products identified and developed. ELL will also be the preferred source of supply for some of the key raw materials to RPPL at "arm's length" transaction.

The acquisition will help ELL to set its footprint in European markets where RPPL has its presence. The acquisition will also help ELL to leverage its expertise in specialty chemicals and its global network to enter the lucrative European markets, where RPPL has a strong presence. Both ELL and RPPL will co-market a new range of products which are currently under development.

2. Expansion into Oleochemicals and Allied Business

During the year we officially entered into a definitive business agreement with Vivacious Pharmatex Pvt. Ltd. (VPPL), a move that holds immense potential for our company's growth and strategic positioning. This marks a strategic expansion for ELL into the "Oleochemicals and Allied Business" segment, a domain integral to products in personal care, pharmaceuticals, agrochemicals, paints, coatings, fragrance, polymer, and petrochemicals.

As part of this venture, ELL is committed to investing Rs. 8 Crore over the next year, underscoring our confidence in the substantial benefits that will accrue from this strategic partnership. Furthermore, our status as the preferred business partner for VPPL in terms of sourcing and supplying key raw materials positions us advantageously in the market.

The agreement itself is structured for an initial period of a minimum of 3 years, with the potential for extension based on mutually agreed terms and conditions. In addition to the business collaboration, VPPL will provide full cooperation in developing new products, commercialization, and marketing at our manufacturing facilities.

Importantly, ELL stands to gain from the vast knowledge, expertise, and research and development skills of the new management at VPPL. This collaboration is poised to be synergistic, ensuring innovation, growth, and success for both ELL and VPPL.

3. Rights issue during the year

During the year, the company successfully issued equity shares on a rights basis to eligible shareholders at a ratio of 2 Rights Equity Shares for every 3 fully paid-up Equity Shares held as of the record date, 07th July, 2023. The rights issue received an overwhelmingly positive response from investors, reflecting their confidence in the company.

The funds raised have been effectively utilized as outlined in the letter of offer. The management anticipates that the investments made, particularly in working capital, will yield positive results in the current year. However, it is important to note that the decrease in margins compared to previous years is primarily due to exceptional expenses incurred in connection with the rights issue.

INDEPENDENT AUDITOR'S REPORT

To,
The Members
Eiko LifeSciences Limited
(Formerly known as Narendra Investment (Delhi) Limited)

Opinion

We have audited the financial statements of EIKO LIFESCIENCES LIMITED ("the Company"), which comprise the balance sheet as of 31st March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as of 31st March 2024, and profit and other comprehensive income, changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit

of the financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. During the year under consideration, we do not have any key audit matters to report.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the Financial Statements and our auditors' report thereon. Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Financial Results

The Company's Board of Directors are responsible for the preparation and presentation of these Financial Statements that give a true and fair view of the financial position, financial performance of the Company and the balance sheet and the statement of cash flows in accordance with the recognition and measurement principles laid down in the Indian Accounting Standards prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 and Regulation 52 of the Listing Regulations. The Board of Directors of the Company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement,

whether due to fraud or error, which have been used for the purpose of preparation of the Financial Statements by the Directors of the Company, as aforesaid.

In preparing the Financial Statements, the Board of Directors of the Company are responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors of the Company are responsible for overseeing the financial reporting process of the Company.

Auditor's Responsibilities for the Audit of the Financial Results

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- i. Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.

- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- iv. Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure and content of the Financial Statements including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- vi. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the statement of change in equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid Financial Statements comply with Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in “Annexure 2” to this report.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has no pending litigations on its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company
- a. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- b. The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures that were considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- iv. With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act.
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act.
- v. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year, for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with once it was implemented.

ANNEXURE “2” TO THE INDEPENDENT AUDITORS REPORT

ANNEXURE TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF EIKO LIFESCIENCES LIMITED 31ST MARCH 2024

Report on the internal financial controls under clause (i) of sub-section 3 of section 143 of the Act

We have audited the internal financial controls over financial reporting **EIKO LIFESCIENCES LIMITED** (‘the Company’) as of 31st March 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management’s responsibility for internal financial controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the ‘Guidance Note’) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of internal financial controls over financial reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles.

A company’s internal financial control over financial reporting includes those policies and procedures that:

1. Regarding the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company.
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use,

or disposition of the company's assets that could have a material effect on the Financial Statements.

Inherent limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENT

AS ON 31ST MARCH 2024

1. Corporate Information

Eiko LifeSciences Limited (Formerly known as Narendra Investments (Delhi) Limited) (the Company) is a company registered under Companies Act, 2013 and incorporated on 7th January 1977. The company's activities primarily comprise of manufacturing of Speciality and Fine Chemicals. The shares of company are listed on the BSE. The registered office of the company is located at 604, Centrum, opp. TMC Office, Near Satkar Grande Hotel, Wagle Estate, Thane West - 400 604

2A. Basis of preparation

The Statement of Assets and Liabilities of the Company as of March 31, 2024, and the Statement of Profit and Loss, the Statement of Cash flows and the Statement of Changes in Equity for the year ended March 31, 2024, has been prepared under Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015. The financial Statement as of and for the year March 31, 2024, along with financial statement for the year ended March 31, 2024

Accounting Estimates

The preparation of the financial statements, in conformity with the Ind AS, requires the management to make estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operation during the reported period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates which are recognized in the period in which they are determined.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the

financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

2B. Significant accounting policies

A. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset/ liability is treated as current when it is:

- Expected to be realized/ settled or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized/ settled within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets/ liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

B. Fair value measurement

The Company's accounting policies and disclosures require the measurement of fair values for, both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

C. Property, Plant and Equipment

An item of property, plant and equipment that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, items of property, plant and equipment are carried at its cost less accumulated depreciation and accumulated impairment losses.

The Company identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has useful life that is materially different from that of the remaining item.

The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other nonrefundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discounts and rebates are deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met. Expenses directly attributable to new plant and equipment during its construction period are capitalized if the recognition criteria are met. Expenditure related to plans, designs and drawings of buildings or plant and machinery is capitalized under relevant heads of property, plant, and equipment if the recognition criteria are met.

Capital work in progress and Capital advances:

Cost of assets not ready for intended use, as on the balance sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each balance sheet date are disclosed as Other Non-Current Assets.

Depreciation/ Amortization:

- a. Depreciation on tangible assets is provided on straight line basis considering the useful lives prescribed in Schedule II to the Act on a pro-rata basis.
- b. Leasehold improvements are amortized based on primary lease period or their useful lives prescribed under Schedule -II, whichever is lower.
- c. The asset's useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period.
- d. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.
- e. The residual values, useful lives, and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Derecognition:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

D. Intangible assets

Measurement at recognition:

Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Internally generated intangibles including research cost are not capitalized and the related expenditure is recognized in the Statement of Profit and Loss in the period in which the expenditure is incurred. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any. Assets acquired but not ready for

use are classified under Capital work-in-progress or intangible assets under development.

Amortization:

Intangible Assets with finite lives are amortized on a Straight-Line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss.

Intangible assets with indefinite useful lives, are not amortized, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis. The impairment loss on intangible assets with indefinite life is recognized in the Statement of Profit & Loss.

Impairment:

An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit (CGU) exceeds its recoverable amount. The recoverable amount of an asset is the greater of its fair value less cost to sell and value in use. To calculate value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and the risk specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the CGU to which the asset belongs. Fair value less cost to sell is the best estimate of the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

Impairment losses, if any, are recognized in the Statement of Profit and Loss and included in depreciation and amortization expense. Impairment losses, on assets other than goodwill are reversed in the Statement of Profit and Loss only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognized.

E. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts.

Financial instruments also cover contracts to buy or sell a non-financial item that can be settled net in cash or another financial instrument, or by exchanging financial instruments, as if the contracts were financial instruments,

except for contracts that were entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the entity's expected purchase, sale or usage requirements.

Derivatives are currently recognized at fair value on the date on which the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

Classification

A Financial instrument is any contract that gives rise to a financial asset of one entity and financial liability or equity instruments of another entity.

Financial assets, other than equity, are classified into, financial assets at fair value through other comprehensive income (FVOCI) or fair value through profit and loss account (FVTPL) or at amortized cost. Financial assets that are equity instruments are classified as FVTPL or FVOCI. Financial liabilities are classified as amortized cost category and FVTPL.

Business Model assessment and Solely payments of principal and interest (SPPI) test:

Classification and measurement of financial assets depends on the business model and results of SPPI test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a business objective. This assessment includes judgement reflecting all relevant evidence including-

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel
- The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed
- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of sales are also important aspects of the Company's assessment.

If cash flows after initial recognition are realized in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model but

incorporates such information when assessing newly originated or newly purchased financial assets going forward.

Initial recognition and measurement

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognized immediately in the Statement of profit or loss.

Financial assets and financial liabilities, except for loans, debt securities and deposits are recognized on the trade date i.e., when a Company becomes a party to the contractual provisions of the instruments. Loans, debt securities and deposits are recognized when the funds are transferred to the customer's account. Trade receivables are measured at the transaction price.

Subsequent measurement

a. Financial assets at amortized cost

Financial assets having contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding and that are held within a business model whose objective is to hold such assets in order to collect such contractual cash flows are classified in this category. Subsequently these are measured at amortized cost using effective interest method less any impairment losses.

b. Debt Instruments at FVOCI

Debt instruments that are measured at FVOCI have contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on principal outstanding and that are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets. These instruments largely comprise long-term investments made by the Company. FVOCI debt instruments are subsequently measured at fair value with gains and losses arising due to changes in fair value recognized in OCI. Interest income and gains and losses are recognized in profit or loss in the same manner as for financial assets measured at amortized cost. On derecognition, cumulative

gains or losses previously recognized in OCI are reclassified from OCI to profit or loss.

c. Equity Instruments at FVOCI

These include financial assets that are equity instruments as defined in Ind AS 32 "Financial Instruments: Presentation" and are not held for trading and where the Company's management has elected to irrevocably designated the same as Equity instruments at FVOCI upon initial recognition. Subsequently, these are measured at fair value and changes therein are recognized directly in OCI, net of applicable income taxes.

Dividends from these equity investments are recognized in the statement of profit and loss when the right to receive the payment has been established. Fair value through Profit and loss account financial assets are measured at FVTPL unless it is measured at amortized cost or at FVOCI on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognized in profit or loss.

d. Derivatives recorded at fair value through P&L

Derivative financial instruments are initially recognized at fair value on the date on which the derivative contract is entered into and are subsequently re-measured at their fair value at the end of each reporting period. Derivatives are classified as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of such derivative financial instruments are taken directly to statement of profit and loss and included in net gain on fair value changes.

e. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

f. Other Financial Liabilities

These are measured at amortized cost using effective interest rate.

g. Derecognition of Financial assets and liabilities:

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

A financial liability is derecognized when the obligation under the liability is discharged, cancelled, or expires.

h. Impairment of financial assets

The Company recognizes a loss allowance for expected credit losses on a financial asset that is at amortized cost or fair value through OCI. Loss allowance in respect of financial assets is measured at an amount equal to lifetime expected credit losses and is calculated as the difference between their carrying amount and the present value of the expected future cash flows discounted at the original effective interest rate.

F. Reclassification of Financial assets

The company does not re-classify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances when the company changes its business model for managing such financial assets. The company does not re-classify its financial liabilities.

G. Investment in subsidiaries and associates

The company has chosen to carry the Investments in associates and subsidiaries at cost less impairment, if any in the separate financial statements.

H. Provision and Contingent liabilities

Provisions

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value (except where time value of money is material) and are determined based on the best estimate required to settle the obligation at the reporting date when discounting is used, the increase in provision due to passage of time is recognized as finance cost. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases, where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements unless the probability of outflow of resources is remote.

Provisions, contingent liabilities, contingent assets, and commitments are reviewed at each balance sheet date.

I. Inventories

Raw materials and stores, work in progress, traded and finished goods are stated at the lower of cost and net realizable value. Cost of raw materials and traded goods comprises cost of purchases. Cost of work in progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated based on normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Cost includes the reclassification from equity of any gains or losses on qualifying cash flow hedges relating to purchases of raw material but excludes borrowing costs. Costs are assigned to individual items of inventory based on weighted average price. Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

J. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

K. Revenue:

Sale of goods:

Revenue from operations comprises of sales of goods after the deduction of discounts, goods and service tax and estimated returns. Discounts given by the Company includes trade discounts, volume rebates and other incentive given to the customers. Accumulated experience is used to estimate the provision for discounts. Revenue is only recognized to the extent that it is highly probable a significant reversal will not occur.

Revenue from the sale of goods is recognized when control of the goods has transferred to our customer and when there are no longer any unfulfilled obligations to the customer, this is generally when the goods are delivered to the customer depending on individual customer terms, which can be at the time of dispatch or delivery. This is considered the appropriate point where the performance obligations in our contracts are satisfied as the Company no longer have control over the inventory.

Our customers have the contractual right to return goods only when authorized by the Company. Estimation is made

of goods that will be returned and a liability is recognized for that amount. An asset is also recorded for the corresponding inventory that is estimated to return to the Company using a best estimate based on accumulated experience.

Interest Income:

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets. Interest income is included in other income in the Statement of Profit and Loss.

Dividend Income

Dividend income is recognized only when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of dividend can be measured reliably.

L. Foreign Currency

Transaction and Balances:

Transactions in foreign currencies are translated into the respective functional currencies of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction. Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rate are recognized as income and expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of transactions. Non-monetary items that are measured at fair value in a foreign currency shall be translated using the exchange rates at the date when the fair value was measured. Exchange differences are generally recognized in the Statement of Profit and Loss.

M. Employee Benefits

Short Term Benefits:

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Other long-term employee benefit obligations:

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements because of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

Post-Employment Obligations:

• **Gratuity**

The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

• **Defined Benefit contribution plan**

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due.

• **Bonus Plan**

The Company recognizes a liability and an expense for bonuses. The Company recognizes a provision where

contractually obliged or where there is a past practice that has created a constructive obligation.

N. Taxes

Current Tax

Current tax is the amount of tax payable (recoverable) in respect of the taxable profit / (tax loss) for the year determined in accordance with the provisions of the Income-Tax Act, 1961. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- has a legally enforceable right to set off the recognized amounts; and
- intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future
- Deferred tax assets (including MAT credit) are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized except:
- When the deferred tax asset relating to the deductible temporary difference arises from the initial

recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

- In respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets (including MAT credit available) is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognized outside profit or loss is recognized outside the statement of profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

GST paid on acquisition of assets or on incurring expenses. Expenses and assets are recognized net of the amount of GST (Goods and Service Tax) paid, except:

- When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- When receivables and payables are stated with the amount of tax included the net amount of tax recoverable from, or payable to, the taxation authority is included as part of other current assets or liabilities in the balance sheet.

O. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset until such time that the asset is substantially

ready for their intended use. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

P. Earnings per share

Basic and diluted earnings per Equity Share are computed in accordance with Indian Accounting Standard 33 'Earnings per Share', notified accounting standard by the Companies (Indian Accounting Standards) Rules of 2015 (as amended). Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

NOTE 30: FINANCIAL RISK MANAGEMENT

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the managing board. The details of different types of risk and management policy to address these risks are listed below:

1. Market Risk-

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings. The objective of market risk management is to avoid excessive exposure in our foreign currency revenues and costs

1.1. Market Risk - Interest Rate Risk

Interest rate risk Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The exposure to interest rate risk generally arises from borrowings with floating interest rates. The Company manages the interest rate risks by maintaining a debt portfolio comprising a mix of fixed and floating rate borrowings. At the

reporting date, the interest profile of the Company's borrowings is as follows:

Exposure to interest rate risk

(₹ in Lakhs)

Particulars	As at 31.03.2024	As at 31.03.2023
Fixed rate borrowings	-	-
Variable rate Borrowings	-	-
Total	-	-

Sensitivity analysis to interest rate risk

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(₹ in Lakhs)

31.03.2024	Increase/ (decrease) in basis point	Effect on profit before tax
₹	40 BP	-
₹	(40 BP)	-

1.2. Market Risk - Price Risk

The Company does make deposit with the banks to provide security against guarantee issued by bank to

company's trade payables. Deposit is made in fixed rate instrument. In view of this it is not susceptible to market price risk, arising from changes in interest rates or market yields which may impact the return and value of the investments.

1.3. Market Risk - Currency Risk

The fluctuation in foreign currency exchange rates may have a potential impact on the statement of profit and loss and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the Company. The functional currency of the company is Indian Rupees. The Company follows a natural hedge driven currency risk mitigation policy to the extent possible.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk are reported to management of the company are as follows:

(USD in lakhs)

Particulars	As of 31.03.2024	As of 31.03.2023
Trade & other receivables	-	-
Trade and other payables	0.47	1.16

(₹ in Lakhs)

Foreign Currency	As of 31-03-2024	
	3% increase	3% Decrease
USD	(1.19)	1.19
Total	(1.19)	1.19

2. Credit Risk

Credit Risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customers. The carrying amount of Financial Assets represents the maximum credit exposure.

Trade Receivables

The Company has established a credit policy under which each new customer is analyzed individually for creditworthiness before the payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available,

financial statements, industry information, business intelligence and in some cases bank references.

Trade Receivables of the Company are typically unsecured, except to the extent of the security deposits received from the customers or financial guarantees provided by the market organizers in the business. Credit Risk is managed through credit approvals and periodic monitoring of the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company performs ongoing credit evaluations of its customers' financial condition and monitors the creditworthiness of its customers to which it grants credit terms in the normal course of business. The Company has no concentration of Credit Risk as the customer base is geographically distributed in India and outside India.

Other Financial Assets

The company maintains its Cash and Cash equivalents and Bank deposits with banks having good reputation, good past track record and high-quality credit rating and also reviews their creditworthiness on an on-going basis.

3. Liquidity Risk

Liquidity Risk is the risk that the Company will face in meeting its obligation associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach in managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses. Any short-term surplus cash generated, over and above the amount required for working capital is retained as Cash and Cash Equivalents (to the extent required).
